COMPETITION INCENTIVES
FOR CLUBS
2018

Is your club eligible for a competition grant?

In 2018 Dressage WA is offering EWA-affiliated clubs (including dressage and adult riding clubs) the opportunity to apply for **retrospective** subsidies when running official dressage competitions (Participant and Competitive).

The aim of this subsidy program is to encourage clubs to hold competitions and help them meet associated costs, such as venue hire, judges, officials and prizes.

Your club could be eligible for up to \$1240 per competition, depending on the level of classes offered and the number of tests ridden and scored. *It is important to note that the subsidy is only offered for two events per club per calendar year and they must be run under and comply with EA rules.*

The table below summarises the subsidies available and the relevant eligibility criteria:

How to apply?

After your competition, please send an application letter to DWA using the Contact form on our website at www.dressagewa.org. This letter should include your club details, competition summary and club's banking information.

You must also include the following supporting information to be considered for a subsidy (no exceptions apply):

- Copy of the final competition draw
- Copy of the final results, including scores/placings
- Summary of prizes presented to competitors
- Competition report and photos (in electronic format) for the DWA newsletter

Where does this funding come from?

These subsidies are provided through the Dressage Development Fund, which collects the levies applied to Participant and Competitive dressage tests. Dressage WA has responsibility for administering this fund and reinvesting the levies into initiatives that encourage further participation and growth in the sport.
